D.O.No. K-11011/2/2008-NREGA(MON)/TS

Dated:September 17, 2009

Dear

As you are aware that full MIS operationalization not only ensures accurate reporting and smooth fund flow minimizing delays due to time lag. Ministry of Rural Development has repeatedly asked State governments to fully operationalize MIS. Further it has been clearly stated that release of funds will be directly linked with operationalization of MIS. This will also ensure that all data is in public domain hence fulfilling the commitment of the programme towards full transparency.

2. Kindly refer to DO NO. K-11011/2/2008-NREGA(MON)/TS dated 24th March,09 and 1st April, 09 in which all States were requested to report on MIS from the start of the current financial year. In this regard some States like Kerala, Tripura, Jharkhand and Haryana have shown significant progress to operationalize the MIS (NREGASoft) at <http://nrega.nic.in>.

3. You are requested to declare your state to be fully operationalized on all modules of MIS and switch completely to the MIS reporting from 1st October, 2009.

Regards

Yours sincerely,

AS

(Amita Sharma)
